SUMMARY

I'm Amr Roshdy, a passionate Full MERN Stack Developer with over two years of experience in web development. Currently studying at Beni Suf University, I specialize in building dynamic and responsive web applications. I have a strong foundation in front-end and back-end technologies, with expertise in React, Node.js, Express, and MongoDB. I enjoy tackling complex problems, optimizing performance, and delivering user-friendly digital solutions. Beyond coding, I'm committed to sharing knowledge and empowering others through technology.
